Connecting Worlds & Delivering Values

Exporting  
Indian Goodness to the World

## About us

An Indian exporter with a vast range of product specialties is Sumankot Worldwide, which includes handicrafts, home décor, food items, fruits, vegetables, and spices. Although these are not the only things we offer, our main goal is to bring Indian specialties to the global market. Over the ages, India has gained international recognition for its handicrafts, imitation jewellery, jaggery, turmeric, raisins, spices, and a host of other things. We are delighted to offer these to our clientele worldwide. We are able to satisfy the wide range of needs of our clients across many industries thanks to our depth of experience. We guarantee prompt delivery while upholding quality and total transparency in all of our interactions, all as part of our constant dedication to provide our clients and suppliers the best possible service.

# Vision

Our vision is to see global economic growth and elevated quality of living through international business and commerce.

# Mission

To establish enduring relationships with our international partners and provide the highest-quality Indian products to the global market.

# *Sugar and Jaggery*

Jaggery is known for its health benefits & its super food qualities; especially when it is Indian Jaggery! Best variety and class of Jaggery is only cultivated and found in India. It is one of kind of super food as it has more vitamins and minerals and a lower sucrose content than sugar. It is made from the juices of sugarcane and is growing in popularity as a replacement for white sugar. Indian Jaggery served by Sumankot is known for their highest quality and freshness that no other can assure. Well checked by experts; our Indian Jaggery has been highly demanded in the global marketplace. We offer Jaggery in form of Powder, small blocks, and larger block & in various packaging as per your choice. Our Jaggery is chemical free! It does not contain sulphur dioxide, lime, phosphoric acid, bleaching agents or any viscosity reducers that are used in making 'extra white jaggery' by most manufacturers.

# Sugar & Jaggery
